Service Bulletin

BKSB-1086

Issue Date: 9/15/2023

Issue: Notification of warning when using non-authorized BKR battery chargers.

If using non-authorized, “aftermarket”, battery chargers with any of the BKR series batteries, an ungoverned charge control process may occur causing improper operation, defect or failure of your BKR battery. It is recommended to only use BK Technologies’ authorized accessories with BK Technologies’ equipment to reduce the risk of damage and ensure that the factory warranty for the BK product is not jeopardized.

Importance: Med

Affected Models: BKR5000 and BKR9000 Series

Recommended Action: Use approved BK Technologies’ Chargers
